

BRINGING BIOMARKERS TO THE BEDSIDE

The Medical and Health Science Center, University of Debrecen, BioSystems' International partner in Hungary, is ranked 224th in "Europe's 500", a listing of the top 500 most dynamic businesses in Europe!

The Europe's 500 is the only independent, pan-European Listing of high growth, job-creating companies. This award was established in 1996, initially under the patronage of the European Commission.

The Europe's 500 focuses on employment creation. Companies which have successfully met the criteria and verification process are ranked according to their growth performance via the David Birch Employee Growth Index.
